

EAC MALVERN HORSE PLUS

Age 9—16

More than just riding, EAC's horse plus course combines the elements of riding with stable management. For 4 half days children are transported to local stables fully equipped with an indoor and outdoor school, novice cross country jumps, 40 acres of pasture and 100 acres of riding.

At least an hour everyday is spent riding covering flat work, jumping and gymkhana games. With the stables ideally placed in the countryside, there is also plenty of space to go for hacks along their bridle paths.

The emphasis is on all aspects of horse management and the children are encouraged to be as active as possible and will also learn about how to care for a horse. They will participate in activities such as grooming, feeding and tacking up a horse.

Suitable for all levels of ability, the friendly staff will build your confidence whilst improving your riding technique. Riding hats are provided and must be worn at all times.

Example Timetable:

- Monday
You will get measured and paired to a horse suitable to your size and ability. This will be followed by general flat work and grooming.
- Tuesday
Hack along the numerous bridle paths then learn about the diet of horses and feed them
- Thursday
Time for some jumping! Afterwards learn about the tack that goes on the horse and the names of the various parts.
- Friday
Gymkhana games with rosettes for prize winners. This will be followed by various styles of pleating their manes.
