

EAC OATRIDGE HORSE PLUS

Age 12-18

More than just riding, EAC's horse plus course combines the elements of riding with stable management. On 3 days children are transported to the Scottish National Equestrian Centre which is onsite at Oatridge College. This riding stables has some of the best instructors and horses in the country and EAC are proud to work with them once again in 2010. The stables are fully equipped with a paddock, stables, bridle paths and acres of green fields.

The emphasis is on all aspects of horse management and the children are encouraged to be as active as possible from tacking up to feeding and grooming them.

An hour everyday is spent riding covering flat work, jumping and gymkhana games. With the stables ideally placed in the countryside, there is also plenty of space to go for hacks along their bridle paths.

Suitable for all levels of ability, the friendly staff will build your confidence whilst improving your riding technique. Riding hats are provided and must be worn at all times.

Example Timetable:

Monday

You will get measured and paired to a horse suitable to your size and ability. This will be followed by general flat work and grooming.

Tuesday

Hack along the numerous bridle paths then learn about the diet of horses and feed them

Wednesday

Time for some jumping! Afterwards learn about the tack that goes on the horse and the names of the various parts.

Operational Dates—

This course is available every operational week at Oatridge College.
